

White Custom Deluxe Podium

Upscale Look, Enhanced Security, Electronics Ready

The White Custom Deluxe Podium comes with interchangeable panels that are available in hundreds of different custom laminate options, white acrylic and solid gloss colored acrylic. The White Custom Deluxe Podium panels are brand-able allowing you to add custom graphics and the panels slide in and out of the frame (just like a photo slides into a picture frame) allowing for quick signage installation.

Plus, there is an optional LED kit upgrade which makes the panels glow. The LED kit is powered by a rechargeable cordless battery system with an 8-hour charge cycle. If you need to light up the podium for longer than 8 hours, it can be plugged directly into an electrical outlet. The LED kit also comes with a remote operated controller which has multiple speed, brightness, and color settings. The included 8 colors options are: cyan, purple, white, orange, yellow, green, blue, and red.

LED Sign for Custom Deluxe Podium

Our LED signs are comprised of clear acrylic with three types of design application: Laser-cut laminate, Etched acrylic, and Printed acrylic. The design application will ultimately be determined by the complexity of the logo provided.

Choose from Black, White, or Milwaukee JCT Oxide for the sign laminate.

Laser-cut laminate

Best for simple designs with thicker linework in one or two colors.

Etched acrylic

Best for more complex logos with fine linework – can be mixed with laser-cut portions to increase visibility and add visual interest.

Printed acrylic

Best for multicolored logos and use with or without LEDs.

The strong, professional look of the custom LED backlit sign is enhanced when the sign is mounted to your Custom Professional Kiosk with 1.5" silver stand-offs. The look is completed with remote-controlled, color-changing LED lighting that creates a "halo" effect on your sign.

The LED kit is powered by a rechargeable cordless battery system with an 8-hour charge cycle. If you need to light up the station for longer than 8 hours, it can be plugged directly into an electrical outlet. The LED kit also comes with a remote operated controller which has multiple speed, brightness, and color settings.

LED Kit includes

- 8 Color options: Red, Orange, Yellow, Blue, Cyan, Purple, White Green
- Waterproof LED strips with multiple color options
- Sealed, 8 hour rechargeable battery w/ power supply
- Easy-to-use controller and remote

Available only on Custom Deluxe and Custom Professional Kiosk
Sign sizing: 16"x24"

Don't want it backlit? Ask us for pricing on a sign without LEDs.
